

Checklist for original license as Master of Self-propelled Vessels, less than 100 gross tons

1. Proof of Citizenship and Security Screening: Apply for, or have been issued, a Transportation Worker Identification Credential (TWIC). To learn how to apply visit www.tsa.gov/twic. As part of the TWIC enrollment, the applicant's identity is verified and a digital photo recorded. On the TWIC application, **be sure to check the box "Mariners"** for the industry in which you are employed. The results of the security screening and photo are provided to the Coast Guard for processing. In addition, provide a copy of your birth certificate in your Coast Guard application package.
