

Checklist for Raise of Grade from Mate (Pilot) to Master

1. *Proof of Citizenship and Security Screening:* Apply for, or have been issued, a Transportation Worker Identification Credential (TWIC). Note that the requirement to renew a TWIC is now based upon whether or not the individual requires unescorted access, or serves as either an FSO or VSO, at a facility or on a vessel that must comply with Maritime Security Regulations under 33 CFR Parts 104 or 105. *You do not need to renew your TWIC in order to renew your license.* If you choose not to renew your TWIC, you must check the exemption box in block 1 of Section III of the application form. By doing so, you acknowledge that the CG will still conduct a security screening and that **it may take additional time to process your application.**

2. *Complete and include the following in your application package:* Use only **black** ink on Coast Guard application forms.

- TWIC – Copy of both front and back. (Optional - see note above.)
- Current License - Copy all pages which contain information.
- User Fees – Total \$145 (\$100 evaluation fee, \$45 issue fee). Check or money order payable to U.S. Coast Guard, or paid via www.pay.gov (preferred). If you use www.pay.gov, print receipt and include with your application package.

 - >Section II Renewal Only - If you are submitting your application not more than eight months prior to the expiration date on your license, the CG will automatically date your next issue license to become effective when your current license expires. If you prefer to have your license renewed immediately, check the box at the end of Section II. **Otherwise, leave the box unchecked.**
